14 February 2006

Staff Workshop of February 22-23, 2006

My Comment:

Please provide the Energy Conservation Compliance Forms in an electronic format which are suitable for direct import into Computer Aided Drawing (CAD) files.

The forms should be provided in either (or both) of:

- "DXF"
- AutoCAD, Release-14 (or earlier) "DWG".

Most local Authorities Having Jurisdiction (AHJ) require the CA Energy Compliance Forms to be submitted on drawing sheets along with the project's construction documents. 8.5"x11" sheets or booklets of the Energy Compliance Forms are usually not acceptable by the AHJ's.

This is requested to apply to both the 2005 & 2008 CA Energy Regulations.

Thank you for your consideration,
Submitted by:
